

REMARKS

Claims 2 to 44 are in the case, of which claims 6-12, 14-36, 38, 40 and 42 have been withdrawn from consideration.

Claim 1 has been cancelled, claims 2, 5, 13, 37, 39, 41 and 43 have been amended in view of the Examiner's interview dated November 12, 2010, for which Applicants thank the Examiner, to better define what Applicants consider their invention, as fully supported by an enabling disclosure.

No new matter has been added.

Reconsideration in view of the following remarks and entry of the foregoing amendments are respectfully requested.

Applicants cancel claim 1 and respectfully submit that claim 13 recites the article of the present invention, defined by its process steps, as discussed with the Examiner. Claim 13 is amended to correct a clerical error.

Claims 2, 5, 37, 39, 41 and 43 are amended to correct their dependency.

The rejections of the claims are believed to have been overcome by the present remarks and amendments. From the foregoing, further and favorable action in the form of a Notice of Allowance is believed to be next in order, and such an action is earnestly solicited.

Favorable action on this request for extension of time is courteously solicited.

Authorization is hereby given to charge Deposit Account no. 07-1742 for any deficiencies or overages in connection with this response.

Respectfully submitted,

Date: December 6, 2010
